Bimini

frankiebee

â€œBiminiâ€• :by frankiebee

Young boy,
dying from the poison in his veins.
Mother struggles to survive.
Mistakes â€¦â€¦she canâ€™t take back.
No cure to find in his life.

I wish I could take him away.
To a place to make him well.
Take the boy to a fountain spring.
To an island in the Southern Sea.

Biminiâ€¦â€¦.An Island in the Southern Sea.
You got the cure and your there wait for me.
All my hope lies in Bimini.

Old man
wasting away in an alleyway.
Whiskey bottle by his side,
His mind so full of disease.
I canâ€™t just walk on by.

People need an answer now.
Death were breathing in the air.
A cure lies by the Sea.
Let me take you all toâ€¦â€¦
Biminiâ€¦â€¦..An Island in the Southern Sea
You got the cure and your there wait for me
All my hope lies in Bimini.

Suicide, Genocide when will it end
All the while a dying childâ€™s life depends
Suicide, Genocide how can it be.
All the while a dying childâ€™s life depends.
Suicide, Genocide how can it be.
All my hope lies in Bimini
