

Fucking Determined

Mudvayne

Go...
So fucking determined
Yeah, yeah, go...
You better believe it, confidence
Go...
So fucking determined
Yeah, yeah, go...
Spit out all reason,
Yeah
I'm tired of holding up the weight
The weight of the motherfucking world
All I want is to just get right here, right now
We struggle and fight just to get in a grave that's overflowing
Clocks ticking on my fifteen minutes of fame, come on now 123 go
So fucking determined
Yeah, yeah go...
You better believe it, confidence
Go...
So fucking determined
Yeah, yeah go...
Spit out all reason
Yeah
I'm flushing the trust out of everyone
Stabbing in the back and thinking they can break me
Set my sight can't die till I'm done
Mind endurance
Never wanted anymore than what I deserve
Better bring it, I'm taking it all
Fuck an inch, 'cause I'm bringin' a mile
It's on now 123 go
So fucking determined
Yeah, yeah go...
You better believe it, confidence
Go...
So fucking determined
Yeah, yeah go...
Spit out all reason, yeah
This fire is growing, is burning deep inside of me, focused
Driven, certain, the way it's got to be

Fire, growing, burning, deep inside of me, focused, driven
Certain, the way it's got to be
Crooked, no trust, liars, conmen, drunk with, power, mentor
Taught me everything that I know...
So wrong
Wrong
Wrong
Wrong...
123, go...
So fucking determined
Yeah, yeah go...
You better believe it, confidence
Yeah
Go...
I'm fucking determined
Yeah, yeah go..
Spit out all reason
Go...
I'm fucking determined
Yeah, yeah go...
You better believe it, confidence
Yeah
Go...
I'm fucking determined
Yeah, yeah go...
Spit out all reason
Yeah
