Otto

Allday

Verse 1Uh girl tell why you act all sad for
You're bored, you wanna go out more
But you have to understand that i am poor
All i can afford is a ride in my dads ford
So hop in we'll turn the car to a dance floor
That CD stack left Fleetwood Mack raw
Ill take the keys sneak out your back door
Steal my parents car for the girl that I adore
On route to a lookout where no other humans are
Ill be deep like the universe is super large
And you can make a wish upon a shooting star
I made a wish for me to get into your bra
I know its just you, me and the crickets
Girl tell me can you operate a stick shift
I know your feelin' down I can fix this
Drive around town till your frown doesn't existChorusShow me a smile no more sorrow
You can be Lisa I can be Otto
Vroom Vroom Vroom how does that sound
Ill take you home when you loose that frown
Show me a smile no more sorrow
You can be Lisa i can be Otto
Vroom Vroom Vroom just driving around
Ill take you home when you loose that frownVerse 2Girls like a gentleman with his own car
It lets them know you are driven, you will go far
So i guess she knows i'm going nowhere
Cause my dough couldn't buy me a tow bar
You could have been with your friends at a the club
Getting free drinks from a sensitive stud
But you're here with me so i guess it is love
We'll park near the highway throw eggs at the trucks
I know its not like you to eat drive through
But screw your diet you can have a fry or two
Maybe a large sprite with some ice cubes
Hope you brought your wallet cause your buyin' mine too
And no you can't smoke in here even with windows down
That's a no no dear and i'm so sincere
I wanna make you feel special
As long as you can pay for the petrolChorusShow me a smile no more sorrow
You can be Lisa I can be Otto

Vroom Vroom Vroom how does that sound
Ill take you home when you loose that frown
Show me a smile no more sorrow
You can be Lisa i can be Otto
Vroom Vroom Vroom just driving around
Ill take you home when you loose that frownVerse 3I wanted to watch a movie but you wanted to drive, drive
And you are such a cutie so lets ride, ride
Out all night, night till the sun shines shines
Speeds very high all to make you smile
Do something that you like
Uh wait wait I hear the sirens behind me
Son can you pull over to the side please
Did you know you were driving at light speed
Ill take out my keys and hand him some I.D
I said please don't fine me i'm finally seeing my girl smiling
Took all night trying, my speed was excessive but please don't arrest us
He looked at my girl took a breath and said thisChorusShow me a smile no more sorrow
You can be Lisa I can be Otto
Vroom Vroom Vroom how does that sound
Ill take you home when you loose that frown
Show me a smile no more sorrow
You can be Lisa I can be Otto
Vroom Vroom Vroom just driving around
Ill take you home when you loose that frownOutroIll take you home when you loose that frown
Yeah Vroom Vroom Vroom
Uh uh yeah Vroom Vroom Vroom
Ill take you home when you loose that frown
Yeah Vroom Vroom Vroom uh uh
