

# Let It Rain

Mark Chesnutt

Storm clouds rising flash of lightning rattles that ol' porch swing  
Window open curtains dancing just you and me  
As the thunder rolls on we'll just hold on 'neath the light of this candle flame  
Oh this is perfect what a night let it rainLet your love pour down down all around let it  
Fill my heart let it flood this house  
Let the world outside just wash on by we'll just lay right here and hold on tight  
Let it rain  
Let it rainOld man weather had it together when he planned this night  
From out of the blue he set the mood turned down the lights  
Just when we thought the storm was over here it comes again  
So lay back down in these arms let it rainLet your love pour down down all around let it  
Fill my heart let it flood this house  
Let the world outside just wash on by we'll just lay right here and hold on tight  
Let it rain  
Let it rain
