

Red-Eye Express

Devo

Let me tell you a story
Let me shovel some dirt
Long time, no sugar
And it's starting to hurtSomething's flattened my cola
Something's wrong with my brew
Something's rotten in Idaho
And I don't know what to doGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressOnly go around once
Gotta quench that thirst
Gotta grab that gusto
Gotta get there firstSomething's flattened my cola
Something's wrong with my brew
Something's rotten in Idaho
And I don't know what to doGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone

On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressGone, gone, gone
With the red eye distress
Gone, gone, gone
On the Red Eye ExpressRed Eye Express
Red Eye Express
