Our Time Will Come

Clem Snide

We came with gifts, too beautiful
[Incomprehensible]
With anyone who'd care to look
Look with only open eyesIt's true, our time will come
It's true, our time will come
Long after we dieWe put a drop of [Incomprehensible] into
A well and it was hard to tell
That it was not the poison fear
To make their vision [Incomprehensible] clearIt's true, our time will come
It's true, our time will come
Long after we dieIt's true, our time will come
It's true, our time will come
Long after we die
Long after we dieWe die, we die, we die, we die
We die, we die, we die, we die
We die, we die, we die, we die
We die, we die, we die, we dieFree me from this life
Free me from this life
Free me from this life
