

Our Time Will Come

Clem Snide

We came with gifts, too beautiful
[Incomprehensible]
With anyone who'd care to look
Look with only open eyes It's true, our time will come
It's true, our time will come
Long after we die We put a drop of [Incomprehensible] into
A well and it was hard to tell
That it was not the poison fear
To make their vision [Incomprehensible] clear It's true, our time will come
It's true, our time will come
Long after we die It's true, our time will come
It's true, our time will come
Long after we die
Long after we die We die, we die, we die, we die
We die, we die, we die, we die
We die, we die, we die, we die
We die, we die, we die, we die Free me from this life
Free me from this life
Free me from this life
