

# 1 On 1

## Rupee

Every week the club ah see you  
But I never have enough courage to  
Come over there and ask a question  
And it's driving me crazy  
I wanna dance with you So tonight I'm gonna take my chances  
Gonna win or either count my losses  
I've got to make my confession  
Cause it's driving me crazy  
I wanna dance with you [Chorus]  
One on one  
Me and you  
On the floor  
Just us two  
Up and down  
All night long  
Till the deejay  
Plays the last song  
Just us two one on one One on one  
Me and you  
On the floor  
Just us two  
Up and down  
All night long  
Till the deejay  
Plays the last song  
Just us two one on one So tonight it's either now or never  
I've waited for this chance forever  
I've kept this inside for too long  
And it's driving me crazy  
I wanna dance with you Gotta do this now before it's too late  
Even if I tempt my own fate  
I've kept this inside for too long  
And it's driving me crazy  
I wanna dance with you [Chorus] Give me the chance  
You won't regret  
Cause when we dance  
I'll make you wet  
Just the two of us  
All night long

One on one Give me the chance  
You won't regret  
Cause when we dance  
I'll make you wet  
Just the two of us  
All night long  
One on one [Chorus]
