All I Have

Haste the Day

The beauty in your eyes still sustains me
And I know if I were to spit in your faceYou would take me back
You would love me
You would take me back
I know you would love meIf I were to stab you in the heart
You would bleed for me if it made me happy
If I were to stab you
You would bleed for meI am nothing that's of worth to you
Take all I have
Though I may never understand it
I won't stop believingYou offer me another chance
A new solution
An' I don't understand it
But I won't stop believingThere is nowhere I would rather be than in your arms
You've proven time and again who you areI continue to run away
But you're right here
You take me back
You're right hereI am nothing that's of worth to you
Take all I have
Though I may never understand it
I won't stop believingYou offer me another chance
A new solution
An' I don't understand it
But I won't stop believingI am nothing that's of worth to you
Take all I have
Though I may never understand it
I won't stop believingYou offer me another chance
A new solution
An' I don't understand it
But I won't stop believing
