

# Scream 4 Me

## Gemini Five

don't you try me  
I am the only one  
who can see beyond your innocent eyes  
don't you lie babe  
not like you've never done it  
cuz I'll find out anyway  
don't know how don't know why  
I just can feel it deep inside me  
don't know how don't know why  
you're the devil in disguise  
one for the money two for the show too late much too late  
I'm gonna show you not to hesitate  
oh baby I'm ready to go  
I'll be a spark in the dark fire and rain  
scream for me scream for me  
no sweet talking  
you drive me insane  
scream for me scream for me  
you surprise me I am your only lie  
I can reach behind your enemy lines  
don't deny me I got you figured out  
I see you falling everytime  
don't know how don't know why  
I just can feel it deep inside me  
don't know how don't know why  
you're the devil in disguise  
one for the money two for the show too late much too late  
I'm gonna show you not to hesitate  
oh baby I'm ready to go  
I'll be a spark in the dark fire and rain  
scream for me scream for me  
no sweet talking  
you drive me insane  
scream for me scream for me  
baby won't you make me scream  
(lead guitar)
