Let Love Rule (God Is Love Outro)

Color Me Badd

1,2,3,4 Ooh.....
Brother can you see?
Brother do you see the children dying?
Brother do you try and understand?
All of the horrors behind the cryingWhy do we do these things to each other?
Do thy see and do offer help?
The more I know
We've got to understand
Brother I fear we got to let love rule....Sister can you see?
Sister do you see the children dying?
Sister do you try and understand?
All of the horrors behind the cryingWhy do we do these things to each other?
Do thy see and to offer help
The more I know
We've go to understand
Sister, I fear
We've got to let love rule
