

Mama

Far From Alaska

Mama told me not to talk to strangers
When I'm out of home
'Cause we live in a universe
Where no one can really know a soul
Papa told me not to talk to strangers
When I'm out of home
'Cause we live in a universe
Where everything is just hurt and dust (2x)
No, I can't regret what I did
'Cause my life won't stop
And Hey (hey), you (you)
Don't forget to grow up
Hey (hey), you (you)
What's your name?
Mama told me not to talk to strangers
When I'm out of home
'Cause we live in a universe
Where no one can really know a soul
Papa told me not to talk to strangers
When I'm out of home
'Cause we live in a universe
Where everything is just hurt and dust
No, I can't regret what I did
'Cause I'm not eighteen anymore
Hey you, what's happening down in your block?
Hey you, I can't hear what you're saying (2x)
No, I can't regret..
