

# (It's Always Gonna Be) Someday

Holly Dunn

You said, "Someday we'll be together  
Never to be apart again"  
But sometimes, someday can take forever  
And this one looks like one of them  
Someday ain't any closer  
(Someday)  
Keeps getting farther away  
I'd wait if I knew, one day I'll have you  
But it's always gonna be someday  
Someday ain't any closer  
(Someday)  
Keeps getting farther away  
I'd wait if I knew, one day I'll have you  
But it's always gonna be someday  
Oh, it's always gonna be someday
