

# I Need To Hear A Country Song

**Toby Keith**

I need to hear a melody  
That's sad with three part harmony  
A bar room jukebox symphony  
I need to hear a melody I need to hear a song that's blue enough  
to break a heart in two  
After what you put me through  
I need to hear a song that's blue Yeah make it lonely  
When you do it  
And I'll know somebody else out there's been through it  
Instead of hurting by myself  
Man I'll just sing along  
I need to hear a loser crying  
Songs about a love that's dying  
Lyin' cheatin' to the bone  
Three chord stone cold country song I need to hear a drinking tune  
Cowboys howling at the moon  
In some swingin' ol' saloon  
I need to hear a drinking tune Yeah make it lonely  
When you do it  
And I'll know somebody else out there's been through it  
Instead of hurting by myself  
Man I'll just sing along I need to hear a loser crying  
Songs about a love that's dying  
Lyin' cheatin' to the bone  
Three chord stone cold country song Yeah country song  
Three chord stone cold country song
