

My Ocean Blue

Kara's Flowers

I once heard captain Dan tell me a story
About this lovely girl who's name was Jane
She was vast and deep and filled with glory
AhhBottom served as home for hull and anchor
She's always fit to quarrel with the wind
The great Titanic, yes, it's she that sank her
AhhThen she heard me
Say that oath that
Made everything clearI love you, my ocean blue
I like the way your sea sees me
My darling, Jane
She speaks to me at times through falling rainNow it's time to manifest her vigor
Was she fit to quarrel with the wind?
The air was strong but Jane, she was much bigger
AhhThen she heard me
Say that oath that
Made everything clearI love you, my ocean blue
I like the way your sea sees me
My darling, Jane
Oh me, my darling, Jane
Oh me and my darling, Jane
She speaks to me at times through falling rain
Speaks to me at times through falling rain
