Forgive Me, Love

Clem Snide

Believe me love, believe me when i say,
this is not the end,
we are far from done
there is much to do
still many tears to mend
.....
.....
no surrender no retreat
as we charge headlong into the fray
just chewing all the meat (2) of life
forgive me love forgive me but i feel i'm letting myself go
i can't help but feel everything would just softly disappear
.....
.....
no surrender no retreat
as we charge headlong into the fray
just chewing all the meat (2) of life
of life(2)
.....
.....
no surrender no retreat
as we charge headlong into the fray
just chewing all the meat (2) of life
