De Fam

Aku bukan yang dulu
Yang terlalu mencuba
Kata apa kau mahu
Kita semua berbeza
Don't need to worry bout the things they say
You've got the power to stand up today
Yang kau perlukan dalam kehidupan hanyalah kekuatan
Dengarkan aku
Just take a look insideTake a look inside we the beast and a hustler,
you be on the chase and yes I caught you out rustler.
It's just me and my main ones
you can tell we poppin, never
choosin, never wastin time with you
is not an option.
Independent women who I stand for.
I dont need no scrub, knock you down on the dance floor.
The world is at my fingers aint no telling where I can't go.
Suited up for drama and I'm carrying the ammo.
Tidak pernah putus asa,
Hidup ini sementara,
Cita-cita dan impian datang bersama usaha,
Ku berjanji akan berjaya,
Berjaya,
Percayalah,
Pengorbanan hidup untuk berjuang bagi semua.Got my girls
Got my got my all my girls
Single ladies and my super mum working girls
Don't believe me, don't believe me we gon show
How we made it, how we made it through it all.Aku bukan yang dulu
Yang terlalu mencuba
Kata apa kau mahu
Kita semua berbeza
Don't need to worry bout the things they say
You've got the power to stand up today
Yang kau perlukan dalam kehidupan hanyalah kekuatan
Dengarkan aku
Just take a look insideSupergirls, super supergirls
Got my round the way supergirls
Ah love my supergirls

All around the world love my supergirls
A you can tell I'm way stronger now
I think I found a window I'm out.
Yeah I know I won't be back around now
This time you won't keep me on the ground.
Never stop, won't let them slow me down
Movin up we're winning big now
You know I live to live life no regrets
Show me love, real love, and don't ha ha hate.
Got my girls
Got my got my all my girls
Single ladies and my super mum working girls
Don't believe me, don't believe me we gon show
How we made it, how we made it through it all.
Aku bukan yang dulu
Yang terlalu mencuba
Kata apa kau mahu
Kita semua berbeza
Don't need to worry bout the things they say
You've got the power to stand up today
Yang kau perlukan dalam kehidupan hanyalah kekuatan
Dengarkan aku
Just take a look inside
Supergirls, super supergirls
Got my round the way supergirls
Ah love my supergirls
All around the world love my supergirls
Take a look inside x2
