

Rush

Ashley Gearing

Some people get there kicks from high stakes gambling
They love to roll the dice.A night in Paris in 1st class traveling,
Just gettin' on for the ride.
But I dont need the life in the fast lane,
Like a shot of you in my faceI get a rush from you,
I know you feel it too
I get a rush from youYea I get a rush from youI don't know how to talk about it
Words get in the way
All I know is when I see you,
I'm swept awayI get a rush from youI get a rush from you
I know you feel it too
I get a rush from youI get a rush from you
Rush from you Baby
I know you feel it tooI get a rush from you
