

# She's Lost Control

## The Arkhams

Control  
Yeah my baby's lost control  
Her soul  
Yeah she sold it long ago  
  
4 out of 5 of the experts agree  
She's a danger to herself and society  
She lost all touch with reality

She's lost control

Control  
Yeah my baby's lost her mind  
No soul  
and she's trying to steal mine  
  
4 out of 5 of the experts agree  
She's a danger to herself and society  
She lost all touch with reality

She's lost control  
(hey! hey! hey!)  
Control  
(hey! hey! hey!)  
Control  
(hey! hey! hey!)  
Control!

Control  
Control  
Yeah my baby's lost control  
Her soul  
Yeah, she sold it long ago  
  
4 out of 5 of the experts agree  
She's a danger to herself and society  
She lost all touch with reality  
She's lost control  
Control

Control!

Control!

My baby's lost control!
