

Black Hole

Lindsay Lohan

I found my box of letters, lyin' on the ground
The ones you used to write me, before it all went down
I even got a paper cut, tryin' to figure out
What to do with all these memories?
And you're not who you used to be
And I wonder where you're gone?
Have you fallen in a black hole?
Tumblin' as a universe of missin' stuff
What happened to the good times?
What happened to the moments where we had so much?
Where's the love?
Where's the love?
Remember all those hours, laughing on the floor
Those days ain't doin' nothing feel like nothing did before
I don't need those sneakers or that money after all
I'll trade them for an old message, you've called
'Cuz it's not how we used to feel
And I wonder what went wrong
Have you fallen in a black hole?
Tumblin' as a universe of missin' stuff
What happened to the good times?
What happened to the moments where we felt so much?
Where's the love?
I wanna go there
And I wanna know where
Everything that meant something to me is all
I found a box of letters, used to make me smile
But now I feel so lonely
Have you fallen in a black hole?
Tumblin' as a universe of missin' stuff
What happened to the good times?
What happened to the moments where we had so much?
A black hole
Tumblin' as a universe of missin' stuff
What happened to the good times?
What happened to the moments, the moments where we had so much?
Where's the love?
Where's the love?
Where's the love?

Where's the love?
Where's the love?
Has he fallen in a black hole?
Has he fallen in a black hole?
Has he fallen in a black hole?
