## INXS

See the, the pot call the kettle black  
And the man upon the monkey's back  
Craziest thing that I ever heard  
Testing cosmetics upon their fur  
Who knows what tomorrow brings in a world where the  
Greedy survive and survival of the fittest is your alibi?  
It's a habit to grab it, to grab right here  
'Cause you might want my private for souvenir  
And you call me a savage, uncivilized  
When it's you who made lynching a way of life  
And you don't want me to be mad  
Well, I say to you too bad  
I'm a product of my environment  
So who the hell we callin' wildlife  
Look at us  
They only kill when they have to  
We kill for sport  
Why do the man treat the people bad  
And just expect them not to be mad  
Social security sure you right  
Number the ones with the broken lives  
Who knows what tomorrow brings in a world where the  
Greedy survive and survival of the fittest is your alibi?  
It's a habit to grab it, to grab right here  
'Cause you might want my private for souvenir  
And you call me a savage, uncivilized  
When it's you who made lynching a way of life  
And you don't want me to be mad  
Well, I say to you too bad  
I'm a product of my environment  
So who the hell we callin' wildlife  
Look at us  
They only kill when they have to  
We kill for sport  
Who the hell we callin' wildlife  
Look at us  
They only kill when they have to  
We kill for sport  
Who the hell we callin' wildlife  
And you don't want me to be mad  
Well, I say to you too bad  
I'm a product of my environment  
So who the hell we callin' wildlife  
Look at us  
They only kill when they have to  
We kill for sport  
Who the hell we callin' wildlife  
Look at us  
They only kill when they have to  
We kill for sport  
Who the hell we callin' wildlife  
Look at us  
They only kill when they have to  
We kill for sport  
See the, the pot call the kettle black

And the man upon the monkey's back  
See the, the pot call the kettle black  
And the man upon the monkey's back  
See the, the pot call the kettle black  
And the man upon the monkey's back
