The Dance

Barbies cradle

Would you be interested in dancing with me?
And maybe tell me all your dreams
Talk to me like you would in your sleep
Don't censor anything
Cause i wanna hear everything
There's no innocence left to spoil
You can swear she's not a little boy
We'll fly tonight so far away
Where they will never find us
Use your wings and i will run fast
Cause that's what i do when i'm not afraid
We've got it made up in our heads
We don't have to wait for anyone or anything
Go anywhere we desire
So close your eyes become blind
From the world listen instead to the girl
She'll tell you why she chose to fly
And you're left behind
Just like me alone and free
We can smile when we've filled the void
And treated the burn
But until then i believe
We're gonna have to learn
To discard any disguise we're using
Yes it's hard and it's never amusing
