

Here At the Right Time

[Josh Ritter](#)

Under wide blue skies There's a place to lie For me and Evelyn to hide tonight I'll try my best to make a go But
I'm not sure what I don't know Oh chariots, if you're out there Please swing low
Tell me I got here at the right time If I did it's probably the first time No second guesses or secret signs Tell me
I got here at the right time
You're so red in the eyes Either too low or too high When I met you you Were sick but you did not know why I
was a pretty poor cure But my love for you was always sure The bucket was broken But the water was pure
Tell me I got here at the right time If I did it's probably the first time No second guesses or secret signs Tell me
I got here at the right time
