Unfinished Thought

If I Could Stop Time
I'd Frame Your Glass Pose Tied To Your Shadow
I'm Over Exposed Counting Your Breathing
With Quiet Control Watching You Drowning
I Slowly Let Go I'm Giving You Shade
From What You Don't Know You've Made Some Mistakes
Just Keep Your Eyes Closed Planning Out Endings
I Thought You'd Enjoy With One Thing In Mind
The Love You Destroyed You Are Not Enough
You Are Not Enough You Can't Modify
The Masterpiece I've Set In Motion If You Try I'll Multiply
My Heart Breaking Devotion Sparks Burn Behind You
Your Silhouette Glows Blindness Reminds You
You'll Never Grow Old Memorize Your Last Sunset
It's Fading Fast And Getting Wet Last Goodbyes Have Been Revised
You Can't Decide Who's Qualified Don't Be Afraid Of
What You Understand Always Be Jealous
Of Others Who Can't You Are Not Enough
You Are Not Enough
