Friday - Friday

Boy Kill Boy

It's the first steps,
I've Ever Taken,
I decided,
Never to delay oh.I need perfection,
I need affection,
I'll sweep the beats from the hits,
If that's Okay oh.From the mixer,
And to the fixer,
We dine the freaks,
And the fuckers on the stairway.And then a cafe,
Nine the morning,
We celebrate
With the suckers on the subway.[Chorus]
I know something needs to go
I know something you should know
I know something needs to go
I know something you should knowMy head is burning,
My stomach's burning,
The streets are heaving,
Look at all the people.You found the sad side,
I found the good side,
We're on the outside,
Looky ippy ay oh.It's not the first time,
God know the last time,
We have a good time,
Singing Ippy ay oh.[Chorus]I[Chorus]I
