At This Time

Algebra

Intro:
At this time in this place, you are, are mine
And at this moment in my life you belong to me, to me
Oooh weeee
Ooohhhhhh
Uhhhhhhh
Oooohhhhh

1st verse:
I donâ€™t think itâ€™s wrong I canâ€™t help it
My mind ask my heart if she felt it
I can only ask for so much
I will settle for this touch (right here)
My arms brag to each other about how you feel
From conversations I know what they feel is real
The past it didnâ€™t last, the present went to fast
The future so will be I wish that far I could see but

Chorus:
(At this time)At this time
(In this place) you are (mine)
Mmmm hmmmm
And at this moment (At this moment)
In my life (In my life)
You belong (to me) to me
Oh to me

2nd verse:
Forgive me if my hunger conflicts what you eat
I pray for moments you would only be consumed by me
Often times we receive and then regret
I havenâ€™t had a reason yet, (not yet)
This is the time God meant for us to be
This is the place HE allowed us to meet
I may never get another chance
I just hope you understand

Chorus:
And at this time (At this time)
In this place (in this place)

You are, are mine
Aaaaaannd at this moment (at this moment)
In my life (in my life)
You belong to me, oh to me, oohhhhhhh ehhhhh ehhh
Mmmmmmm

Breakdown
This time
And in this place you are mine
And at, this moment, moment
In my life you belong to me oh
One more time let me sing it
(At) At (this time)
In this place (And in this place)
(you are mine) Ohhhh oooohhh
(And at this moment)
(In my life you belong) You belong (To me)
Ohhhhhhhhhh

Bridge:
Who really cares what others may say
They probably missed their chance on feeling this way
About love what I know is true
Give them time and it can happen for them too
The deepest feeling that youâ€™ve ever known
The greatest passion thatâ€™s ever been shown
A flame that flickers and never leaves you alone
The warmest place oh yes I call it my home

(At this time) In this place
(In this place) You are, are mine
And at this moment (At this moment)
In my life (In my life)
You belong to me, oooooh to me
