I'm So Over You

Hollywood Ending

(Lil Wayne)Turn it up...
Turn it up...
Turn it up...
Jus turn it up...
Now turn it up...
Jus turn it up... yeahhh haha
TURN IT UUUUUUPNo regrets at all, I'm high and I hope you catch the fall
Welcome to my lecture hall, you can't shake my infection off
Take me to your leader and, I promise I will be the man
Swim until I see the sand, then die as soon as I reach the land
The water's over our hands, what happened to our plans
Swim until I see the sand, then die as soon as I reach the land!Chorus
This is my resurrection, so fuck your resolution
I don't need no protection, I don't need your confusion
Don't know what to believe
Don't know what to believe
Don't know what to believe
Don't care what you believe
Cause I'm so over you, yeah I'm so over you
Yeah I fly over you, cause I'm so over you(Shanell)Heeeey
I did everything by the book, book, book
Scribblin' all over all of the notes that I took, took, took
Find that your no better than a crook
Settin' us all up to fall like the twins, you... struck
Show them a picture of my I.D.
Better enough to prove that it's me
Look in the mirror,
Now who should I be...lieveChorus
This is my resurrection, so fuck your resolution
I don't need your protection, I don't need your confusion
Don't know what to believe
Don't know what to believe
Don't know what to believe
Don't care what you believe
Cause I'm so over you, yeah I'm so over you
Yeah I fly over you, cause I'm so over you(Lil Wayne)Ha!
Don't know what to believe (huh)
Don't know what to believe (yeah)
Don't know what to believe (huh)

Don't care what you believe (yeah)
Don't know what to believe (huuuh)
Don't know what to believe (yeaaaaah)
Don't know what to believe (huuuuuuuuuuuuuaaaaaaaah)
Yeaah!
