

Let the Dream Come True (King & White Mix)

DJ Bobo

Not a broken heart
Now we gonna start it's for me and you
Let the dream come true
What I'm gonna do without you
Let the dream come true Not a broken heart
Now we gonna start it's for me and you
Let the dream come true
Let the dream come true
Let the dream come true Kick it, tip it, flip it, sip it, shake your body 'round get wicked
Use the door get on the floor, I still got more for you to store
Get on your feet, it's treated unique just feel the heat
And get back to the beat Rude dup, rube dup, rude dup, rube dup
Jump and shake your body wine it up
Everybody shake your body
D.J. BoBo starts the party Up and down, here we go don't look back just let it flow
Up and down, don't lose your crown
What goes up, must come once down
How hold tight, every thing's alright
There's no need to fight tonight Not a broken heart
Now we gonna start it's for me and you
Let the dream come true
What I'm gonna do without you
Let the dream come true Not a broken heart
Now we gonna start it's for me and you
Let the dream come true It's a break, I don't mean a fake
Open your ears, it's not a mistake
The music is strong and I made these rhymes
Party time 'cause the time is mine So let's go down, down on the floor
I wanna give you what you are waitin' for
You know what you want and you want it now
You know what you want when you hear the sound Swing your body and have some fun
Now you're on the run this track has just begun
It's done for fun and hits you like a gun Jump up and down, toss and turn
Right to the ground before you burn
Pump the bass right in your face
Just in case we start the race Not a broken heart
Now we gonna start it's for me and you
Let the dream come true
What I'm gonna do without you

Let the dream come true Not a broken heart
Now we gonna start it's for me and you
Let the dream come true First I waited, then created didn't debate it, just made it
The feeling is strong so keep coming on
With the bass and the drums there's nothing wrong
Now get on up, take your shoes swing your body get wild and loose One, two, three, four tippin' and tappin'
slippin' and slappin'
There's no stoppin' it's Friday night, the time is right
Enjoy the vibe just like a tribe Take the groove and move it smooth
Breakin' it down just for the groove
Kick the steps but watch your neck before you get wrecked
I will come correct this sensation no violation
Just influential for the party nation Not a broken heart
Now we gonna start it's for me and you
Let the dream come true
What I'm gonna do without you
Let the dream come true Not a broken heart
Now we gonna start it's for me and you
Let the dream come true
Let the dream come true
