

# Light On

## Dirty Mittens

Never really said too much  
Afraid it wouldnt be enough  
Just try to keep my spirits up  
When theres no point in grievingDoesnt matter anyway  
Words can never make me stay  
Words will never take my place  
When you know Im leavingTry to leave a light on when Im gone  
Something I rely on to get home  
One I can feel at night, a naked light  
A fire to keep me warmTry to leave a light on when Im gone  
Even in the daylight, shine on  
And when its late at night you can look inside  
You wont feel so aloneYou know weve been down that road  
What seems a thousand times before  
My back to a closing door  
And my eyes to the seasonsThat roll out underneath my heels  
And you dont know how bad it feels  
To leave the only one  
That I have ever believed inTry to leave a light on when Im gone  
Something I rely on to get home  
One I can feel at night, a naked light  
A fire to keep me warmTry to leave a light on when Im gone  
Even in the daylight, shine on  
And when its late at night you can look inside  
You wont feel so alone, ooh yeah!Sometimes it feels like we've run out of luck  
When the signal keeps on breaking up  
When the wires cross in my brain  
Youll start my heart again when I come along, yeahTry to leave a light on when Im gone  
Something I rely on to get home  
One I can feel at night, a naked light  
A fire to keep me warmTry to leave a light on when Im gone  
Even in the daylight, shine on  
And when its late at night you can look inside  
You wont feel so aloneTry to leave a light on when Im gone  
Even in the daylight, shine on  
And when its late at night you can look inside  
You wont feel so alone
