

Words Upon the Stone

Sacred Oath

Have you ever felt a calling
Drawing you somewhere?
A place you feel you've been before -
A connection to what's there? It was in the local cemetery
I searched for the stone
And what I found filled me with awe -
The words upon that stone! Reader behold as you pass by
As you are now so once was I
As I am now so you must be
Prepare for death and follow me.
I'm telling you I felt myself
Down beneath that stone
A life before that I had lived
Centuries far gone. The name had long since been eroded
The date was barely there.
But all I saw was mine upon
That tombstone's deadly stare.
Reader behold as you pass by
As you are now so once was I
As I am now so you must be
Prepare for death and follow me.
