

# Running to Love

Kim Waters

When my heart is ready to burst,  
When the world spins in reverse  
I'll keep running  
To the place where I belong When you go, turn down the light  
No one's here to hold you in the night  
I'll keep running  
To the place where I belong When you think you're on your own  
I'm still coming home! When our picture fades in the sun  
And all the colors blur in the one  
I'll keep running  
To the place where I belong  
When you think you're on your own  
I'm still coming home! When your all gets blinded  
When you fold with the cards  
No, I'll never stop fighting  
To get to where you are! Wherever we go  
Wherever we go  
Wherever we go  
Wherever we go  
Wherever we go When the lights are faded to black  
Only stars are guiding me back  
I'll keep running  
To the place I belong  
When you think you're on your own  
I'm still coming home  
When you think you're on your own  
I'm still coming home
