

Count On You (feat. Jordin Sparks)

Big Time Rush

Now I'm about to give you my heart
But remember this one thing
I've never been in love before
So you gotta go easy on me I heard love is dangerous
Once you fall you never get enough
But the thought of you leaving
Ain't so easy for me Don't hurt me
Desert me
Don't give up on me What would I wanna do that for? Don't use me
Take advantage of me
Make me sorry I ever counted on you One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five baby, I'm counting on you Understand I've been here before
Thought I found someone I thought I finally could adore
But you failed my test, got to know her better so I wasn't the only one
But I'm willing to put my trust you, baby you could put your trust in me Just like a count to three, you can count
on me and your never gonna see
No numbers in my pocket
Anything I'm doing girl I'll drop it for you
'Cause you're the one I'm giving my heart to but I gotta be the only one Don't hurt me
Desert me
Don't give up on me
What would I wanna do that for? Don't use me
Take advantage of me
Make me sorry I ever counted in you One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five baby, I'm counting on you I really hope you understand
That if you wanna take my hand
You should put yours over my heart
I promise to be careful from the start I'm trustin' you with lovin' me
Very, very carefully
Never been so vulnerable
Baby I'll make you comfortable One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five what would I wanna do that
One, two, three, four to the five baby, I'm counting on you
One, two, three, four to the five No I'm about to give you my heart
So remember this one thing

I've never been in love before
Yeah, you gotta go easy on me
