

# Wine and Chocolates (Andhim Remix)

## Theophilus London

It's time to live it up, oh  
You get sent the fine wine deliverables and chocolate candles  
It's time to live it up, oh  
Horse and carrots, ride round the villa and rock chinchillas  
Girl I ain't going nowhere, sit here and play cops and robbers down by the moonlight  
Sunrise it's time to go, grab your phone take some pictures  
Love in a modern time If we just go for a ride  
Speed of light ignoring the signs  
I'll race you to St. Harvest Way It's time to live it up, oh  
You get sent the fine wine deliverables and chocolate candles  
It's time to live it up, oh  
Matching shiny shoes dressed like Thriller and watch Godzilla  
It's a lovely Sunday, sit here and crack a big ole lobster, shrimp and pasta  
I seen your face when I call, grab your phone change your status  
Love in modern time Hey, if we just go for a ride (If we just go for a ride)  
Speed of light ignoring the signs (Speed of light)  
I'll race you to St. Harvest Way  
(Oh, c'mon, c'mon, c'mon, c'mon, mon) Diamonds what were sending in time (Diamonds what were sending in time)  
Illusions they can fall through the mind (Fall in your mind)  
Hey lookout go the other way  
(Hey c'mon, c'mon, c'mon, c'mon) Hey, it's time to live it up, oh  
Alright I want to introduce you to Mr. London  
Take the night out I've been wondering  
Hit the coast, and cruise the beach  
Cop the flavor, taste like peach  
Conversations go your way, talk to me take it to the U.K  
T.N.T. consider the topic it's the function for why I'm in the tropics  
C'mon c'mon c'mon c'mon Hey  
(Not one place) If we just go for a ride (not one time)  
(Read my face and drink your wine) Speed of light ignoring the signs  
(Speed of light) I'll race you to St. Harvest Way  
(C'mon, c'mon, c'mon) Hey (Not one place) Diamonds what were sending in time (not one time)  
(Read my face and drink your wine) Illusions they can fall through the mind  
(Fall in your mind)  
Hey lookout go the other way  
(C'mon, c'mon, c'mon, c'mon) Hey
