Birthday

Hard-Ons

Who knows your birthday?
Who knows your number?
Who knows your color?
Who knows your hands?
Who knows the sum
The sum of all your parts?
Who knows your limit?
Who knows your highest?
Who knows your lowest?
Who knows your in?
Who knows that bottom
The bottom of your heart?
Hold on, hold on
Keep holding on to me
I will love you from the bottom
No one holds you better than me
Hold on, hold on
Doing the best we can
I will love you on your birthday
I will love you better than them
Who knows the reason?
Who knows the cure?
Who knows the answer?
Who knows the cause?
Who knows the pain
The pain when we're apart?
Hold on, hold on
Keep holding on to me
I will love you from the bottom
No one holds you better than me
Hold on, hold on
Doing the best we can
I will love you on your birthday
I will love you better than them
Hold on, hold on
Keep holding on to me
I will love you from the bottom
No one holds you better than me
Hold on, hold on

Doing the best we can
I will love you on your birthday
I will love you better than them
