

# What's So Different

## Ginuwine

What's so different, baby, what's so different, yeah?  
If you cheated on him  
How do I know you ain't gon' cheat on me?  
I need to tell you something, check this out You say you love me but at one time  
You loved him so what's so different?  
Tell me if you were in my shoes, what would  
You do or think of me, would you trust me? But you feedin' me, all this rap about, how it's different  
But it's not mentioned what you're doin' is wicked  
Now I'm having, second thoughts about  
You and me 'cuz this is not how I want it or it should be You say you want my trust and told me you were leavin'  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me You're creepin' on him for me, but you say, "Just trust me"  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me Like the saying goes, 'You reap what you sow'  
And what goes around comes back around to you five times harder  
And I'm pretty sure that he's thinkin' that you're totally his  
But you're here in my room, don't cha'll talk with me All hugged up and all over me, kissin' all of me  
Is that to get me where you want me to be?  
Don't want this to happen to me, so I'll drop you off  
Go back to your man, 'cuz, really, this ain't me You say you want my trust and told me you were leavin'  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me You're creepin' on him for me, but you say, "Just trust me"  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me (Baby, uh, uh, uh)  
Say what, can you feel me?  
Can you feel me, can you feel me?  
Can you feel me, can you feel me?  
Can you feel me, can you feel me? Uh, you see?  
(Don't tell him, baby)  
You don' went too far now, baby  
(You won't do this shit to me)  
Yo, G, bring the bridge in Baby, tell me one thing, how could you do it?  
What did he do to you, does he know he blew it?  
Or is it just that you wanna get even?  
Baby, if that's not it, please tell me the reason I just don't wanna get caught up in drama

If you don't want him, just tell him, don't cheat on him  
If you don't tell him, me and you can't be  
'Cuz tell me how I'll know, you won't do that shit to me?  
You would do it to me You say you want my trust and told me you were leavin'  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me You're creepin' on him for me, but you say, "Just trust me"  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me You say you want my trust and told me you were leavin'  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me You're creepin' on him for me, but you say, "Just trust me"  
How am I to know that you won't do it to me?  
You're tellin' me, "It's different", but what the hell is different?  
If you cheated on him, you'll do it to me
