

Right In The Palm Of Your Hand

Alan Jackson

A willing woman
A willing man
A five room house
And a wedding band
Believe us believe us
Once it begins
You know it don't take long
Til like two people in a heartbreak song
I wonder I wonder well Ain't it just like a woman
And ain't it just like a man
Chasin' the rainbow and looking for love
When it's right in the palm of my hand
When it's right in the palm of your hand Can't take back those things we said
So we watch it pass in separate beds
Changing were changing too little love and too much pride
You won't give in and neither will I like children children Well ain't it just like a woman
And ain't it just like a man
Chasing the rainbow and looking for love
When it's right in the palm of your hand
When it's right in the palm of your hand Feet on the floor holding my head
Sitting alone on the side of the bed thinking thinking
Trying to find where we went wrong
I just turned around and you were gone it's over it's over Well ain't it just like a woman
And ain't it just like a man
Chasing the rainbow and looking for love
When it's right in the palm of your hand and Ain't it just like a woman
And ain't it just like a man
Chasing the rainbow and looking for love
When it's right in the palm of your hand
When it's right in the palm of your hand
