

You Talk

Babyshambles

You talk, you talk a good game
I wish I could talk the same
And a song is just a game
I'm getting good at cheating
That's how you talk
Ah yes, you talk a good game
Won't you teach me the same?
I would love to explain
I love to show your hand and all about
Oh well, I know, I know, I know
I know it's wrong and so and so
So what, I suppose it's got to go out
I never ever said it was clever
I just like getting leathered
Looking for the light
Light behind your eyes
Well, you talk, you talk a good game
I wish I could talk the same
And a song is just a game
I'm getting good at cheating
[Incomprehensible] Utah, remember Utah in the rain
And those little red shoes
And some kid with the blues
Who gets right on your tits
You just grin and bear it
Yeah, I know, I know, I know
I know it's wrong and so and so and so
And so it's got to go out
I never ever said it was clever
I just like getting leathered
I'm looking for the light
Light behind your eyes
Bevan, he drops stones from heaven
L O R D forever
And the love, the love behind your eyes
You talk, you talk a good game
You talk, you talk a good game
You talk, you talk a good game
You talk, you talk a good game

Well, I never ever said it was clever
I just like getting leathered
Looking for the light
Behind your eyes
Bevan, he drops stones from heaven
L O R D forever
And the love behind your eyes
