

Postcards

Ed Sheeran

My love has gone
His boots no longer by my door
He left at dawn and as I slept I felt him go
Hmm, hmm
New York, New York, temperature's droppin'
The band's out shoppin', not stoppin' till ears pop
Cops protect shops, lots of yellow cabs and bellhops
And it never stops
I'm waitin' to do an interview, so much to tell you
Today I feel close enough to smell you
Additional dates they were plannin' just fell through
Florida's out
We fly September 22 to Heathrow
But there's not really long to go
Tonight will be a brilliant show
Lettin' you know I miss you
More than four hits the floor at a party
Send my love to everybody
Please, send my love to everybody
Send my love to everybody
Honey, I'm writin' from D.C., feelin' queasy
Stayin' healthy on the road isn't easy
The TM recommends an antigen
One of them could resist again
I miss you like a lock in the door
What's more, I go to sleep with my Walkman 'cause half the crew snored
Don't mean to be a bore, everybody's been great
But there's fifteen of us in a bus state to state
So I stay up late with a tape or meditate
My bed is travellin' at fifty-five M.P.H.
When we make it to L.A., I'll still be miles away
It's not my best day, I'm get some rest, God bless
My love has gone
Wo, wo
My love has gone
Wo, wo
We just stopped at a diner so I'm takin' time to write a few lines
I'm fine, sunshine, the bus driver's
Reclinin' by the grass as the trucks pass

Gleamin' with the flash of sunlight from the glass on the windscreen

As for us, there's too much to relate

We've done five gigs yet we're only in our third state

America's big, you'd love how they pile up your plate

Only place in the world even I can gain weight

Our next date is Wilmington, Delaware

Open air, there's a rumor Melle Mel'll be there

Anyway, all my love, God bless, I'm yawning

I really miss watching you get dressed in the morning

My love has gone

Wo, wo

My love has gone

Wo, wo

My love has gone

No earthly ships will ever bring

Him home
