## Supreme Cuts

All my loves are hidden in pieces  
All my loves are within a wild night  
All my loves are hidden in pieces  
All my loves are within a wild night  
All my loves are hidden in pieces  
All my loves are within a wild night  
All my loves are hidden in pieces  
All my loves are within a wild night  
If they are still up high  
We'll throw them to the sea  
If they are still on high  
We'll throw them to the sea  
If they are still up high  
We'll throw them to the sea  
Watch the murder of the wilds  
To the music of the deep  
Wild night, wild night  
All my loves are hidden in pieces  
All my loves are within a wild night  
All my loves are hidden in pieces  
All my loves are within a wild night  
If they are still up high  
We'll throw them to the sea  
If they are still on high  
We'll throw them to the sea  
If they are still up high  
We'll throw them to the sea  
Watch the murder of the wilds  
To the music of the deep  
Wild night, wild night  
Within a wild night  
Wild night, wild night  
Wild night, wild night  
Wild night, wild night  
Wild night, wild night
