

# Let's Do it Again

## TLC

You sweet young thing you  
Whatever you do Lord knows you do it nice and easy  
You keep it nice and long  
You sexy thing you  
Whatever it is you want from me you know I'll satisfy  
Just keep the love at home  
You give me pleasure  
Unlike any pleasure that I've felt or ever seen  
I can't get enough of you in me  
You know I treasure  
Each and every waking moment that you spend with me  
I'm in ecstasy Let's do it again  
'Cause I love to make sweet love to you baby  
Let's do it again  
I wanna go all night long Let's do it again  
'Cause I love to make sweet love to you baby  
Let's do it again  
I wanna go all night long You precious thing you  
I love what you do when you do  
And you do it oh so special  
I don't see nothin' wrong  
With nothing 'bout you  
Whatever it is that makes you feel so very special  
A baby please please keep it on  
I so desire  
Everything about you and I want you close to me  
As close as close could ever be  
Come light the fire  
That waits for you and yearns for you that burns inside of me  
Take me to ecstasy Let's do it again  
'Cause I love to make sweet love to you baby  
Let's do it again  
I wanna go all night long Let's do it again  
'Cause I love to make sweet love to you baby  
Let's do it again  
I wanna go all night long Don't stop please don't stop please please don't stop it  
Don't stop please don't stop please please don't stop it  
Don't stop please don't stop please please don't stop it  
Just do it do it do it do it Let's do it again

'Cause I love to make sweet love to you baby

Let's do it again

I wanna go all night longLet's do it again

'Cause I love to make sweet love to you baby

Let's do it again

I wanna go all night long
