I Want You More

Kevon Edmonds

Oh no, oh no, oh no, no, oh no
It's been three days
And two lonely nights
And I cant get you out of my mind
The way you put it on me
Was so amazing
That I cant wait til the next time'Cause when you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
Its hard for me to hold back
I lose control
And I want you more and more and moreHow do you do
What you do to me
I ask myself time and again
Girl, I can't believe
This is happening to me
'Cause when this started
We were just friendsI never, I never dreamed that you
Could feel this way
Youre the best I ever had, yeah
So incredible
You're so good
I could fall in love with you
Thats how I feelWhen you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
Its hard for me to hold back
I lose control
And I want you more and more and moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you more and more and moreI never dreamed that you
Could feel this way
Youre the best I ever had

So incredible
Youre so good
I could fall in love with you
That's how I feelWhen you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you more and more and moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you more and more and moreYoure the best I ever had
Youre the best I ever had
Youre the best I ever had
Youre the best I ever hadWhen you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you more and more and moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you more and more and moreWhen you do it like that
It's hard for me to hold back
I lose control
And I want you more
