I'm a champion, shorty, I'm a champion

While other *** crashing 'em, hey, I'm just steady mashin' 'emTell 'em what you told me

My *** keeps the newest and the latest
A street nigga, she know I'm the greatest, hey, heyHold up that Rosea, pourin' half the bottle out
If you from where I'm from, you know where I'm flowin' out
Overcame the odds, so we overdue them cars
We done balled around the world, now we reaching for the stars
Hey, heyI'm a champion, shorty I'm a champion

Life is with your kids watching 'Madagascar'
In the headrest of the H3 with crash bar
Rockin' playclothes, everyday's a catwalkI'm a champion, shorty, I'm a champion

Earn my respect, *** hating 'cause they want that
Been to hell and back, only champions can walk thatTalk that put yo money where yo mouth is
T off on the green, golf courses where the house is
A long way from pumping out housing projects
Investing in real estate weighing out my prospectsI'm a champion, shorty, I'm a champion
I've been around the map now I'm on my victory lap, hey, hey
See I'm a champion, shorty, I'm a champion
While other *** crashing 'em, hey, I'm just steady mashin' 'emTell 'em what you told me
