

# Majesty

## Ghost B.C.

Advisory - the following lyrics contain explicit language:

A higher power underground  
From servant's skies now to chaos bound  
He's sitting sacred and profound  
In midst of sinners looking up to kiss his crown  
Pathetic humans in despair  
Deface the flower now to death devout  
A fallen angel in his lair  
In midst of sinners kneeling down before his clout [Chorus]  
Oh one,  
Master  
All beauty lies within  
Oh one,  
Master  
All beauty lies within you  
This oasis is a poisoned well  
All rotten carcasses that clog the deep  
A prince in exile here in hell  
In midst of sinners flocking up like souless sheep [Chorus] You  
Are [Chorus] Your infernal majesty
