

# You Are The Holy One

[Sonicflood](#)

I will live to declare, Your glory and my heart is filled with praise

I will shout and I will sing for all of my days

Wanna walk in Your Holiness wanna stand for all Your ways

When You call I will say yes, for all of my daysWanna die so You can live resurrect my heart again

I will tell the world that You are the Holy one

You are the Holy one and I worship Your name

You are the Holy one and I stand amazed

You are the Holy one
