

Make A Wrong Thing Right

The Aston Shuffle

There's no reward if you don't play the game, yeah
Win or lose it's just a risk you take, oh
Secrets we've been keeping cause we're ashamed, yeah
But I say, fuck it, they're gonna judge us anyway, oh baby
Spinning the bottle, a kiss in the closet
 Girl do you wanna make a wrong thing right?
Don't be so down low, afraid to let go, love who you wanna
 Don't you know, I want you baby, I want you baby
 Something's you just can't control now baby
 I want to...
 Make a wrong thing right
 Make a wrong thing right
(Make a wrong thing right)For the first time I feel so alive, so alive
Love it when you tell me that it's all mine, all mine, yeah
Spinning the bottle, a kiss in the closet
 Girl do you wanna make a wrong thing right?
Don't be so down low, afraid to let go, love who you wanna
 Don't you know, I want you baby, I want you baby
 Something's you just can't control now baby
 I want to...
 Make a wrong thing right
 Make a wrong thing right
(Make a wrong thing right)
 Make a wrong thing right
(Make a wrong thing right)
