Make It Work

Majid Jordan

I don't wanna be the one to say
Cause saying it will make it real
Tell me, am I going crazy?
Why do I feelI've been having lots of troubles here lately
I don't wanna do these things but you make me (You do)
Something in my heart feels vacant
I can't even pretend, no, I won't even pretendCause it's just another day
It's just another day
Just another day
All I keep on thinking is work
Make it work, make it workI'm trying to make a good impression
I don't even know what that would be
I'll give you all of my confessions
Between you and meI've been having lots of troubles here lately
I don't wanna do these things but you make me
Oh something in my heart feels vacant (Something)
I can't even pretend, no, I won't even pretendCause it's just another day
It's just another day
Just another day
All I keep on thinking is work
Make it work, make it workI make it work with you, make it work with you
I make it work with you, know I
I make it work with you, make it work with you
Swear you know it's
Just another day (It's just)
Just another day (Just, just)
Just another day (Not just)
All I keep on thinking is work
Make it work, make it work
I make it work with you, make it work with youCause it's just another day (It's just)
It's just another day (Just, just)
Just another day (Not just)
All I keep on thinking is work
Make it work, make it work
(I make it work with you, make it work with you)
Make it work, make it workI'm tryna make some conversation
