

Lost

Kreator

Existance of brutality
Agravation infinite greed
Necrosexuality
All there's left is hate
All there's left is painMass frustation
Is the cost
Global depression
Life stands still, all love is lostNo experience too extreme
Orgasmic pleasure, abstract dreams
Mercyless perversity
All there's left is hate
All there's left is painMass frustation
Is the cost
Global depression
Life stands still, all love is lostHate cannot die, forever aliveMass frustation
Is the cost
Global depression
Life stands still, all love is lost
