

# Try Not to Get Your Feet Wet

Ramirez

Rolling up my dope  
And I Keeping it Lowkey  
Sitting thru the 17  
sitting up on an O3  
Can't anybody help me  
(?) i might be young but I was raised by OG's  
Don't talk shit if you really don't know me  
Cause I might have to come  
Quicken up I might have to show you  
I need a back bitch but by the name  
A ling ling she should bust it up  
So she can bring all that Ching Ching  
Rolling to the 36 chainless  
Katana on my hand whip it out like a license  
Using all my force nigga bring a muthafuck  
If you really wanna throw blows  
You can get buckled  
Shit return of the 6  
Packing my bowl while I smoking a spliff  
Selling mushadis is all in my bick  
But I don't give a fuck  
Cause i don't let that bitch Aye!
