

# Drunk Teenagers

**Joel Plaskett**

"Halfway Ashtray Rock" spray painted on a cliff  
I hate Clayton Park, I wanna giant spliff  
I wanna leave my mark out in the wilderness  
I need to take a piss

Drunk teenagers, let's start a fight  
Out gettin' wasted on a Saturday night  
Drunk teenagers, you can pick your poison  
The city or the country we just wanna make some noise  
Oh yeah

I don't wanna get no sicker  
I just wanna get real gone  
I know we can find some liquor  
At the Bayers Road shopping mall (Bayers Road shopping mall)  
Dave boy says he knows a dude  
They call him 'Johnny Hooke-me-up'  
I know he can hook us up

Drunk teenagers, let's start a fight  
Out gettin' hammered on a Saturday night  
Drunk teenagers, you can pick your poison  
The city or the country we just wanna make some noise  
Oh yeah  
Oh yeah

Imagine if that lake was beer  
Imagine if that rock was hash  
Some super-natural science crash..

Yeah, yeah, yeah, yeah

Drunk teenagers, let's start a fight  
Out gettin' plastered on a Saturday night  
Drunk Teenagers, you can pick your poison  
The city or the country we just wanna make some noise  
The city or the country we just wanna make some noise  
The city, the country, we wanna make some noise

Oh yeah

Oh yeah  
Oh yeah, yeah, yeah  
Oh yeah
