

# My Little Girl

## The Jeff Healey Band

I wanna tell you 'bout this baby of mine  
Just in a few words brother she is so fine  
She's my darling girl  
I wouldn't change her for the world Never been in love like I am with my little girl She gives me all the love I  
want and more  
She's everything that I've been looking for  
She's my angel baby  
And I wouldn't change her for the world Never been in love like I am with my little girl She's the cutest thing  
that I've ever seen  
When you see her you'll know just what I mean  
She's my baby doll Lord, Lord  
I wouldn't change her for a world Never been in love like I am with my little girl There's just only one thing that  
I got to say  
I'm gonna love her for the rest of my days  
'Cause if she's my darling girl  
Lord I wouldn't change her for the world Never been in love like I am with my little girl  
Never been in love like I am with my little girl  
Never been in love like I am with my little girl
